

ADVANCED IT IS YOUR TECHNOLOGY PARTNER

GLOBAL IMPACT AND REACH

Advanced IT is a premier systems integration firm specializing in advanced information technology (IT), simulation training, and professional services for defense and federal agencies. With a global footprint that includes Germany, Belgium, Korea, Honduras, Saudi Arabia, and Morocco, as well as a robust domestic presence spanning over 21 states and 31 locations across the continental United States (CONUS), Advanced IT delivers end-to-end solutions that make a worldwide impact.

COMPREHENSIVE SYSTEM LIFE CYCLE SUPPORT

Advanced IT supports clients through every phase of the system lifecycle, including defining requirements, conceptualizing solutions, designing and procuring technology, managing inventory, overseeing installations, conducting rigorous testing, ensuring seamless operations, performing maintenance, and handling proper disposal when necessary.

PROVEN INDUSTRY EXPERTISE

Advanced IT's executive team brings extensive government and military experience, backed by a track record of success in defense contracting and military projects. Guided by a vision of delivering exceptional services, our highly skilled team is dedicated to meeting and exceeding client expectations with innovative solutions and unparalleled expertise.

ABOUT ADVANCED IT

Headquartered in Orlando, Florida, Advanced IT Concepts, LLC is a leading provider of cutting-edge technology solutions for defense and federal agencies. We specialize in IT architecture, simulation training, and organizational consulting.

Recognized as a Top Workplace by *The Orlando Sentinel* in 2023 and one of the fastest-growing companies in the state of Florida by *Inc. Magazine* in 2024, *Washington Technology* and the *Orlando Business Journal*, Advanced IT attracts top talent ranging from diverse backgrounds in technology services and solutions, engineering, training, and fielding of complex systems for the federal government and public sector.

Advanced IT has built a legacy of success, delivering innovative technology solutions that empower defense and federal agencies to achieve their missions. Our track record of excellence is fueled by our ability to adapt and grow, and we are excited to announce new leadership that will propel Advanced IT to even greater heights.

With a renewed vision and focus, we are ready to build on our proven expertise in IT architecture, simulation and virtual training, and cybersecurity. Explore how Advanced IT can continue to exceed expectations and redefine what's possible for your mission.
